

Keeping you Safe at RTS Events

Although the Government has eased Covid restrictions, the Society is conscious that some people will still understandably have concerns about Covid-19.

The RTS would like to reassure those considering attending our events that we will be taking all necessary measures to ensure their safety whilst at these events.

Our priority is to keep all of us, our families, and colleagues safe. We will have a thorough programme to keep high-touch surfaces clean, our RTS staff will be undertaking regular flow testing and we will be passing this safety guidance to all attendees. We are also suggesting that anyone attending also considers organising regular flow tests for their own protection. For your ease, here is a link to order tests, [Order coronavirus \(COVID-19\) rapid lateral flow tests - GOV.UK \(www.gov.uk\)](https://www.gov.uk/order-coronavirus-covid-19-rapid-lateral-flow-tests).

We will be encouraging guests to continue frequent handwashing and/or hand sanitizing while with us. Face coverings are not mandatory, but should guests wish to wear their face cover, they can do so. We would ask guests to reconsider their attendance, should they or anyone they live with feel unwell in any way, or take a PCR test. In the case that symptoms develop while guests are with us or after 48 hours of attending, guests will be asked to notify RTS events on 020 7822 2820, so we can ensure others are safe and informed.

Please be aware that the Society, our venues and all suppliers, will be following the Government guidelines and advice and that they will be doing what is required to ensure everyone's safety and to prevent any unnecessary spread of the virus. We request that all those attending, agree to follow any guidelines set out by the Society.

Keep safe and enjoy the days ahead!
