Message from the Chair

Dear Colleague

RTS PROGRAMME AWARDS

I am delighted to be chairing the RTS Programme Awards again this year. These are one of the gold standard awards in our industry and are an important showcase of the extraordinary talent evident across all genres in British television.

We have taken on board feedback from the industry following last year's awards. Our aim, as ever, is to reflect the changing television landscape and to make sure the categories recognise the kinds of programmes and talent that make up today's schedules and the best content in Britain.

Following discussions with judges and entering companies we have implemented the following changes:

- **Single Drama and Limited Series have now been combined into a single category**
- **In the following performance categories we are now requesting one full episode plus a 10 minute reel reflecting the range of work across the series:** Leading Actor Female; Leading Actor Male; Supporting Actor Female; Supporting Actor Male; Comedy Performance Female; Comedy Performance Male; Entertainment Performance; Presenter; Sports Presenter, Commentator or Pundit; Breakthrough Award

Please note that we have retained the adaptation to the judging process for those categories where the total viewing time for jurors exceeds 20 hours:

- Depending on the number of entries, the jury will be split into two or three sub-groups.
- Each sub-group will view half or one third of the entries and rank them in order of preference .
- These preferences will be tallied and the top four to five will be shared with the other sub-group/s.
- The full jury will watch each sub-group's top selections and only these 12-15 entries will be discussed at the jury meeting.

We would stress the need for all organisations to show awareness in their selection of entries of the need for recognising diversity in our industry and in our wider community.

When selecting your episodes, please bear in mind that juries are instructed to consider and discuss only the submitted episode.

Please refer to the full Programme Awards criteria before submitting your entries. If you have any queries on the criteria or conditions of entry, then please contact Lindsey Cran on 07710 759357 or lindsey@cranberry-events.com. For queries regarding the online entry system please contact Char Tench on 020 7822 2822 or ctench@rts.org.uk.

I look forward to seeing what I am sure will be a fantastic set of entries.

Yours sincerely

Kenton Allen
Chair, RTS Programme Awards

RTS PROGRAMME AWARDS 2025 CATEGORIES AND CRITERIA

Entries are now invited for the RTS Programme Awards 2025. All programmes and performances should have been first delivered, whether by broadcast or online streaming, between **1 January 2024 and 31 December 2024**.

The Awards are for original UK productions and, where appropriate, international co-productions. It is acceptable that the first transmission or delivery may have been to a non-UK audience but the first UK transmission or streaming must have been within the dates above.

RTS Awards recognise programmes and performances which, in the year in question, have made a material and positive contribution worthy of acclaim by the industry and UK viewers.

In particular, judges will wish to identify programmes and performances which offer:

- Originality in form or content which has set fresh standards
- Development of new genres, leading public taste
- Quality which others will seek to emulate
- Content which has had a significant impact on UK audiences
- Technical and production excellence

Juries are instructed to consider only the material which is submitted, so entrants should select relevant content for each category after reading the criteria carefully.

In common with other RTS awards, entrants should bear in mind in selecting their entries that judges are asked to ensure that these awards reflect diversity within the industry and within wider society.

The Programme Awards, in partnership with Cast & Crew, will be presented on Tuesday 25 March 2025. The nominations will be announced in early March 2025.
